

Vision, Mission & Values

Description

Intech Centre is established in 1999 and is considered as one of the leading Training, Careers Advice and Examination centres located at the heart of London, strategically positioned at the border of Islington and Hackney Boroughs.

Intech Centre has an extensive experience in providing government funded contracts, including Adult Education Budget and National Careers Services. Intech Centre has always been one of the highest performing and lowest risk sub-contractors for the networks that we worked with.

Mission Statement

Our mission is to deliver skills, knowledge and guidance that significantly increase our clients'/learners' journey to employment, higher or further education or have better employment.

Vision

Our vision is to provide high quality provisions to all our clients, learners, and stakeholders.

Through our core values and KPI's we have aligned the company to achieve a high impact for learners and quality provision. Our vision is to also create the ethos of lifelong learning to ensure the learners have the necessary skills for their future.

Core Values

Integrity is fundamental to the culture of Intech Centre, it focuses us on what is important and on our main priorities, doing the best for all those we work with and for, this includes, our staff, employers, learners, and all stakeholders.

High Achievement - ensuring that through excellent data systems and reporting we are aware of areas for self-improvement to the benefit of all our stakeholders

Transparency – To be an open and transparent organisation, keeping people informed via our website, marketing materials, and most importantly through the Information, Advice and Guidance (IAG) that we provide. Through open dialogue with our customers, we welcome feedback and recognise the value this has for our business in helping us to improve how we work and the services we offer.

Quality – Quality and raising standards are paramount in everything that we do. We aim to offer high quality programmes that both challenge and stretch our learners throughout their chosen fields. The quality of teaching and learning is a top priority and with robust quality checks and ongoing support, we are committed to achieving excellent provision for all our learners.

Impact– To achieve max impact in terms of achievement and outcomes, through alignment of Policy and procedure to company KPI in all departments and job roles

Innovation – Innovation is at the heart of everything we do, from designing and delivering training solutions that raise the profile of learners.

Value – We provide training solutions for learners designed to meet their needs, offering excellent value both financially and materially. From the feedback we have received from learners our training

has had a considerable positive impact on their careers. We aim to continue this with the new standards, placing good value products and services at the core.

Experience – Our managers and staff have extensive knowledge and experience and are kept up to date through their Continuing Professional Development (CPD), standardisation and regular training. We have over 20 years’ experience in delivering funding training and careers advice programmes.

Competitiveness – as an organisation with ambitions for further expansion, focusing on high levels of retention, achievement, and outcomes for all. We see quality and the understanding of our business partners’ needs as fundamental to achieving this goal.

Our Impact

Serving the Community

Intech Centre is very well embedded and integrated into the community. It takes prides in serving the community and working closely with its members. Over the last decades, Intech Centre has served over 20,000 individuals with funded courses, trainings and examinations services.

Giving Equal Access to All

We believe that the development of every community lies in providing an equal access to all its members. Hence, we work very closely with local centres and institutions to help tackling unemployment and lack of education in the community.
